

Point Stuart Wilderness Lodge Campsites

Located: Arnhem Highway, near Jabiru
Number of campsites: 5
Arrangement: Lease Agreement

Special features: At Adventure Tours, we think this property is awesome – we used to own it! We sold it in 2002 and have an exclusive lease of the campground since. The property is situated on large acreage next to a monsoonal vine forest (with boardwalk) and several billabongs that attract many varieties of birds and wildlife. The property has lodge accommodation with bar facilities. Adventure Tours has exclusive access to the 25 seat Mary River crocodile cruise.
